## Oregon Bus Roadeo Frequently Asked Questions

The Oregon Bus Roadeo is organized by representatives of the Oregon Transit Association (OTA) in collaboration with the Oregon Department of Transportation (ODOT) and First Transit as presenting sponsor. The Roadeo Steering Committee works on the planning and execution of the state roadeo each year. You can find out more about this year's competition on the OTA website.

### Where can I see all the Roadeo rules, course details, and points system?

The Oregon Bus Roadeo follows the Community Transportation Association of America (CTAA) Bus Roadeo criteria. The CTAA Bus Roadeo Guide Book can be downloaded by [clicking here](#).

### What are the qualification requirements for competitors?

In order to participate in the Oregon Bus Roadeo, the participants will be required to meet certain qualifications. Transit agencies are expected to enforce the following rules and regulations:

Each participating transit agency is eligible to send operators for cut-away operator and minivan operator. Space is limited. The first 25 eligible operators in each category will be accepted.

Length of Employment: Participants must have worked as full-time or part-time paid or volunteer operator for no less than one year prior to the date of the roadeo.

Operator (all categories) Status and Definitions: Participants must be employed as a paid or volunteer driver engaged in demand-response or fixed route service for at least one year prior to the Roadeo. Supervisors, dispatchers, clerks, training instructors, office workers and hostlers are not eligible to participate as Operators.

Work Attendance Record: Participants must meet the local agency's guidelines for attendance. The following recommendations serve as a guideline:

1. Participants should not have more than four (4) sick occurrences involving no more than ten (10) lost days or no more than one (1) occurrence involving thirty five (35) lost days during the twelve (12) months prior to the roadeo.
2. Participants should not have more than three (3) incidents of not reporting for work during the twelve (12) months prior to the roadeo.

3. Participants should not have been suspended for punitive action during the twelve (12) months prior to the roadeo.
4. A minimum of one year safe driving record without a preventable collision during the twelve month period prior to the event.

### **How many drivers can an agency send?**

---

Space is limited to 25 operators in each vehicle category. Therefore, in the first round of registration each agency may send one eligible operator per category (minivan or body-on-chassis) to compete, space permitting.

### **How do I volunteer to help at the event?**

---

In order to have a successful roadeo, we need over 60 volunteers. If you are interested in volunteering, please complete the Judge/Volunteer Registration Form [on the OTA website](#). Your information will automatically be sent to the roadeo volunteer coordinator.

### **What does a competitor get with their registration?**

---

Each registered competitor registration includes a scheduled time to compete, a roadeo jacket, hat, pin, name badge, competitor packet, certificate of participation, snacks and lunch on Saturday, and one ticket to the Roadeo awards banquet.

### **Do drivers get to see the roadeo course map ahead of time?**

---

The exact course map will not be provided before competition day. In the competitor packets that go out several weeks ahead of time, each obstacle is explained and depicted, although the exact order of the obstacles is not shared. While drivers can use the CTAA Roadeo Guide Book to set up a course at their agency, not having a map adds a sense of mystery and adds to the challenge of not knowing what order the obstacles are in.

### **How much practice time does each competitor have?**

---

On competition day, drivers will be escorted in groups on a comprehensive course walk-thru and will be allowed one practice run.

### **What is the competition schedule?**

---
